Retail Outlets

The differing requirements of the retail channel are all catered for at Tate, the common denominator being EPOS. From department stores and convenience stores to supermarkets, Tate now supply a diverse and often bespoke range of products to fit specific needs based on:

- A availability (next day if required)
- The Right Product (in terms of quality/specification)
- At the Right Price (competitive)
- From a Trusted and Reliable Source (for continuity)

Should you let Tate **take care of your business** ?

With our unrivalled track record and unparalleled customer base we believe we can sustain our record for developing the right solution for any retail business including yours!

Today Epson is the leading supplier of point of sale printers, having gained over 50% of the total world market. Tate is one of just a small number of approved suppliers of thermal rolls for use with Epson printers.

We work closely with leading hardware suppliers to ensure Tate supplied consumables are always fit for purpose and that is guaranteed.

Our blue chip customer base covers clothing, consumer goods, food, sportswear, stationery and much more and involves deliveries to both central/divisional warehouse centres, through to direct to site.

We cover more than 5,000 retail outlets in the UK through various supply agreements, covering everything from key product through to a complete range of business stationery to janitorial.

As part of our proven solution, we provide:-

- Till Rolls
- Price Guns/Labels
- Books and Pads
- Labels
- Tags
- and much more
- Business Stationery
- EFT's
- Janitorial
- IT Consumables
- Carrier Bags

We are a consumables supplier with a difference: a proven track record of products, prices and service.
